

## Digital Writing and Publishing

### Today's Standard

11-12.WHST.6 - Use technology, including the Internet, to produce, publish, and update individual or shared writing products in response to ongoing feedback, including new arguments or information.

Cues	Notes
Digital tools for writing	Digital tools like Google Docs, blogs, and wikis can enhance writing.
Collaborative writing platforms	Collaborative platforms allow multiple users to work on the same document.
Importance of feedback	Feedback is crucial for improving and refining writing.
Updating published content	Published content online can and should be updated based on new information.
Real-world applications	Skills learned are applicable in college and professional environments.

### Summary

This standard focuses on using technology to improve writing through collaboration, feedback, and updates. Mastery prepares students for digital communication in higher education and careers.
