

Addition and Subtraction Word Problems

Today's Standard

1.OA.A1 - Use addition and subtraction within 20 to solve word problems involving situations of adding to, taking from, putting together, taking apart, and comparing, with unknowns in all positions, e.g., by using objects, drawings, and equations with a symbol for the unknown number to represent the problem.

Cues	Notes
Addition	Addition and subtraction within 20
Subtraction	Solving word problems with different situations
Word Problems	Using objects, drawings, and equations
Unknowns	Representing unknowns with symbols
Equations	Comparing different problem-solving methods

Summary

This standard involves using addition and subtraction within 20 to solve various word problems, employing objects, drawings, and equations to represent unknowns.
