Visual and Multimedia Text Elements

Today's Standard

5.RL.7 - Analyze how visual and multimedia elements contribute to the meaning, tone, or beauty of a text (e.g., graphic novel, multimedia presentation of fiction, folktale, myth, poem).

Cues	Notes
Visual elements	Visual elements like illustrations can change how we understand a story.
Multimedia elements	Multimedia elements like videos add layers of meaning to the text.
Text meaning	Analyzing these elements helps us understand the text better.
Tone	The tone of a text can be affected by its visual and multimedia elements.
Beauty	Beauty in a text can be enhanced by thoughtful visual and multimedia elements.

Summary

Understanding how visual and multimedia elements contribute to a text's meaning, tone, and beauty helps us appreciate and interpret the text more deeply.
