

### Integrating Multiple Information Sources

#### Today's Standard

6.RI.7 - Integrate information presented in different media or formats (e.g., visually, quantitatively) as well as in words to develop a coherent understanding of a topic or issue.

Cues	Notes
What is the main idea?	The main idea is the central point or argument of a text.
How do visuals support the text?	Visuals like charts and images provide additional context and data.
What quantitative data is presented?	Quantitative data includes numbers, statistics, and graphs.
How do different formats of information connect?	Connecting different formats helps develop a comprehensive understanding.

#### Summary

Integrating information from various media and formats is essential for a thorough understanding of topics. This includes combining textual, visual, and quantitative data to form a coherent picture.
