

## Interpreting Diverse Media

### Today's Standard

6.SL.2 - Interpret information presented in diverse media and formats (e.g., visually, quantitatively, orally) and explain how it contributes to a topic, text, or issue under study.

Cues	Notes
Media formats	Different media formats (visual, quantitative, oral) present information in unique ways.
Interpretation	Interpreting information involves understanding how it contributes to a topic, text, or issue.
Reliability	Reliability of information varies across different sources.
Bias	Bias can influence how information is presented and interpreted.
Critical thinking	Critical thinking is essential for evaluating and synthesizing information from diverse media.

### Summary

Interpreting information from diverse media formats requires understanding the unique elements of each format, evaluating the reliability and bias of sources, and applying critical thinking skills.
