

## Comparing Mediums for Information

### Today's Standard

8.RI.7 - Evaluate the advantages and disadvantages of using different mediums (e.g., print or digital text, video, multimedia) to present a particular topic or idea.

Cues	Notes
What are the different types of mediums?	Mediums include print, digital text, video, and multimedia.
Why is it important to evaluate mediums?	Evaluating mediums helps in understanding the most effective way to present information.
How can the same information be perceived differently?	Different mediums can change the perception and understanding of information.
What are the advantages of print media?	Print media can be more reliable and offer in-depth engagement.
What are the advantages of digital media?	Digital media is often more accessible and can present information dynamically.

### Summary

Understanding the strengths and weaknesses of different mediums is crucial for effective information presentation and media literacy.
