

## Digital Writing and Publishing

### Today's Standard

9-10.W.6 - Use technology, including the Internet, to produce, publish, and update individual or shared writing products, taking advantage of technology's capacity to link to other information and to display information flexibly and dynamically.

Cues	Notes
Digital Writing	Digital writing involves using technology to create and share written work.
Online Publishing	Online publishing allows for continuous updates and improvements to written work.
Collaboration Tools	Collaboration tools like Google Docs enable multiple users to work on a document simultaneously.
Hyperlinks	Hyperlinks can be used to connect to additional information and resources.
Multimedia in Writing	Multimedia elements, such as images and videos, can enhance the presentation of written work.

### Summary

Using technology in writing allows for enhanced collaboration, continuous updates, and the incorporation of multimedia elements, making written work more dynamic and engaging.
