

Number Writing and Representation

Today's Standard

K.CC.A3 - Write numbers from 0 to 20. Represent a number of objects with a written numeral 0-20 (with 0 representing a count of no objects).

Cues	Notes
What is the range of numbers to write?	Write numbers from 0 to 20.
What does 0 represent?	0 represents a count of no objects.
How can numbers represent objects?	Numbers can be used to label quantities of objects.
What are common misconceptions?	Common misconceptions include misunderstanding 0 and writing numbers incorrectly.

Summary

This standard involves writing numbers from 0 to 20 and using these numbers to represent quantities. Key points include understanding that 0 means no objects and practicing correct number formation.
