

## Advanced Writing in Technical Subjects

### Today's Standard

11-12.WHST.3 - (See note; not applicable as a separate requirement)

### Real-World Applications for this Standard

Writing research papers in history; Creating technical manuals for scientific equipment; Drafting lab reports for science classes; Developing project proposals for engineering courses

### Today I Learned

Today, we learned about writing in history, science, and technical subjects. This helps students explain complex ideas clearly.

### Common Stumbling Blocks

Some kids think technical writing can't be creative or should use lots of big words. Both ideas are wrong. Good technical writing is clear and can be interesting.

### Quiz Me
