

## Audio Visual Storytelling

### Today's Standard

2.SL.5 - Create audio recordings of stories or poems; add drawings or other visual displays to stories or recounts of experiences when appropriate to clarify ideas, thoughts, and feelings.

### Real-World Applications for this Standard

Recording a story and adding sound effects.; Creating a podcast episode about a personal experience.;; Adding illustrations to a recorded poem.;; Making a multimedia presentation of a favorite book.

### Today I Learned

Today, I learned how to make audio recordings of stories and add pictures to make my stories clearer and more interesting.

### Common Stumbling Blocks

Sometimes, kids think their recordings need to be perfect, which can make them nervous. Also, they might not know that pictures can help explain their stories better.

### Quiz Me

- What can you add to your story to make it clearer?
- Why is it okay to make mistakes in your recordings?
- How can pictures help your story?
- What should you focus on when telling your story?
- Can you tell me a story and draw a picture for it?

### Help Me

This standard is about making stories better by recording them and adding pictures. For example, your child can record a story about their day and draw pictures to show what happened. This helps them explain their ideas better and makes the story more fun to listen to and see.
