

## Routine Writing Practice

### Today's Standard

9-10.W.10 - Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.

### Real-World Applications for this Standard

Writing a research paper over several weeks; Journaling daily reflections; Composing a short story in one sitting; Drafting and revising a persuasive essay; Writing a blog post for a specific audience

### Today I Learned

Today, I learned about writing regularly for different tasks and audiences. This means practicing writing over long periods and short times, like writing a story in one day or a big project over weeks.

### Common Stumbling Blocks

Some kids think they can finish all writing quickly in one sitting, but good writing needs practice and revising. Others think they can wait until the last minute, but writing needs good time management to be done well.

### Quiz Me

- What is routine writing?
- Why do we need to revise our writing?
- What is one benefit of writing over a long time?
- How can we manage our time when writing?
- Can you name a type of writing task?

### Help Me

Writing regularly helps us get better at writing different things like stories and essays. We need to practice writing over long periods and short times, like writing a story in one day or a big project over weeks. This helps us learn to write for different reasons and people.
