

Common Nouns and Verbs

Today's Standard

K.L.1b - Use frequently occurring nouns and verbs.

Real-World Applications for this Standard

Naming objects in the classroom (e.g., 'desk', 'chair'); Describing actions during playtime (e.g., 'run', 'jump'); Labeling items during a grocery store visit (e.g., 'apple', 'banana'); Identifying animals and their actions at the zoo (e.g., 'lion', 'roar')

Today I Learned

Today we learned about nouns and verbs. Nouns are words that name things, like 'dog' or 'cat'. Verbs are words that tell what something does, like 'run' or 'jump'.

Common Stumbling Blocks

Sometimes kids might mix up nouns and verbs, thinking any word can be both. Another problem is using the same word as a noun and a verb. We can help by showing lots of examples.

Quiz Me

- What is a noun?
- Can you name a verb?
- Is 'cat' a noun or a verb?
- What does 'run' mean?
- Can you use 'dog' in a sentence?

Help Me

Nouns are words that name things, like 'apple' or 'car'. Verbs are action words, like 'run' or 'jump'. We use nouns and verbs to make sentences. For example, 'The dog runs.'
