### Today I Learned

Today I learned about how to speak clearly so that everyone can understand me. This means I should talk at a normal volume, use simple words, and say my words clearly.

### Common Stumbling Blocks

Kids might think that talking louder means talking clearer, but it's not true. They might also think using big words makes them clearer, but simple words are better.

### Quiz Me

- Can you tell me about your favorite toy?
- How do you feel about today's class?
- Can you ask for help if you need it?
- What did you do during playtime?
- Can you describe this picture to me?
