

## Digital Writing Exploration

### Today's Standard

K.W.6 - With guidance and support from adults, explore a variety of digital tools to produce and publish writing, including in collaboration with peers.

### Real-World Applications for this Standard

Using a tablet to draw and write stories.; Collaborating on a class blog.; Creating digital books with images and text.; Recording and sharing audio stories.; Using educational apps to write and illustrate stories.

### Today I Learned

Today, we learned how to use digital tools to create and share our writing. We explored different apps and worked with our friends to make stories.

### Common Stumbling Blocks

Sometimes, kids think that computers are only for playing games or that writing on a computer is very different from writing on paper. We learned that we can use computers to make stories, just like we do with paper.

### Quiz Me

- What can you use a tablet for besides playing games?
- How can you share your writing with friends?
- What is one thing you can make with a computer?
- Why is it fun to work with friends on a story?
- What do you need to do before you start writing?

### Help Me

We use digital tools like tablets and computers to make stories and share them with others. This helps us learn to write better and work with our friends.
